Celebrating 30 years of preschool learning!!

Kid Connection is a community-based preschool operated by the Winchester Recreation Department. Our focus is on developing the “whole child” emphasizing social/emotional growth and pre-academic skills. We have been serving the Winchester community for 30 years, and pride ourselves on the longevity of our dedicated teachers and our low teacher to child ratio. Our theme-based curriculum combines learning through play with teacher directed activities in a nurturing environment. Enrichment opportunities throughout the year include music, yoga, gymnastics, local field trips, and more. We have large, bright classrooms and an expansive outdoor play area and sport court. We respect each parent as their child’s first educator and strive to create a strong home/school connection. However, putting one's best foot forward during an interview is a critical step towards landing a great job during high school, and a valuable skill to develop for the future. Parents, think back to your first interview. Did you know what to expect or say? Interviewing can be a stressful experience for teens whether they are looking for their first job or going to their first college interview. One of the most important jobs we have as parents and teachers is to help children develop social skills, show them how to interact with others in a polite manner, and teach them to treat everyone with respect. Whether the occasion is a family gathering, a meal at a restaurant, or a quick trip to the grocery store, children can apply our lessons in any social situations and practice good manners so that they become a habitual part of their lives and set them apart.

### CHEN TAI CHI (18+)

Beyond its martial arts origins, Tai Chi is practiced for its myriad physical and mental health benefits and is recognized today as a functional exercise program suitable for all ages, particularly advantageous for individuals dealing with chronic pain conditions. Executed with concentrated intention and precise movements, Tai Chi enhances balance, range of motion, and postural strength. According to Traditional Chinese Medicine (TCM), the optimal balance and flow of qi, or vital energy, are integral to both mental and physical well-being. Uniquely, Tai Chi possesses the capacity to restore deficient areas of qi and clear obstructed meridians, resulting in increased energy, improved bodily function, and a heightened sense of calm and groundedness. Correct body positioning induces a natural relaxation in certain areas (yin and “soft”) while maintaining engagement in others (yang and “hard”), facilitating the smooth flow of qi and calming the mind. This Chen Tai Chi program focuses on the health-related benefits of Tai Chi and includes:

1. Learning underlying concepts and principles
  2. Cultivating inner awareness through standing practices
  3. Moving the body as one continuous unit
  4. Learning the Chen 9 Form

### INTRO TO DRAWING AND PAINTING (18+)

The drive to create imagery is as old as human consciousness. The great French artist Paul Cezanne said, “One should begin by studying geometric forms: the cone, the cube, the cylinder, the sphere. When one knows how to represent the forms and planes of such things, one would know how to paint”. If you can draw basic geometric shapes then the artist within you is ready for exploration. We are going to start with the fundamentals of pencil drawing through line, tonal value (different techniques of shading), perspective, proportion and composition. Students will smoothly transition from pencil drawing of a still-life to a monochromatic acrylic painting on canvas. Students will receive one on one instructions and step by step demonstrations. Bring drawing board 18x18 or 24x36, THE REST OF THE MATERIALS WILL BE PROVIDED.

Are you looking for a fun way for your child to spend their summer days? Join us this year at our Summer WRAP program as we play, explore, and create our own adventures. Your child can be a superhero, nature explorer, artist, builder, athlete, and so much more! Each day will include arts and crafts, sports, plenty of outdoor fun including some water play (sprinklers/water games). Each week will be filled with age-appropriate activities run by our WRAP staff! This program will have weekly field trips, outside vendors/performers, and enrichment activities. Our caring, devoted staff provide a safe and engaging experience for all participants.

A summer parent guide will be emailed to all participants prior to the program starting.
