Learning is fun at Kid Connection, a community-based preschool operated by the Winchester Recreation Department. Our focus is on developing the “whole child” supporting social/emotional growth and pre-academic skills. We have been serving the Winchester community for over 30 years, and pride ourselves on the longevity of our dedicated teachers and our low teacher to child ratio. Our theme-based curriculum combines learning through play with teacher directed activities in a nurturing environment. Enrichment opportunities throughout the year include music, gymnastics, local field trips, and more. We have large, bright classrooms and an expansive outdoor play area and sport court. We respect each parent as their child’s first educator and work together to create a strong home/school connection. Kid Connection is a school year program that follows the Winchester Public School calendar and is licensed by The Department of Early Education and Care (EEC).

YOU CAN AFFORD COLLEGE IF...

you PLAN in advance; you UNDERSTAND the financial aid process; you ACT early enough to be successful. Financial aid goes to the families who plan and act in advance - before December of the child's sophomore year of high school. This course will teach you the concepts and strategies that will help you maximize your financial aid by understanding the process and why implementing strategies may increase a family's eligibility even if you have a "high income" or own a business. The greatest amount of financial aid goes to the families who act in the early years of high school. REMEMBER: Procrastination equals less financial aid. All schools are not alike, so it is important to know your options and opportunities. A free financial aid analysis will be available to all attendees.
